Lusaka Apex Medical University

2024 Graduation Ceremony

“Transforming Healthcare by Empowering Future Leaders
with Innovative Excellence”

New Chalala Campus
Lusaka, Zambia.

NATIONAL ANTHEM

Stand and sing of Zambia, proud and free,
Land of work and joy in unity, Victors in the
struggle for the right,
We've won freedom's fight.
All one, strong and free.

Africa is our own motherland, fashioned
with and blessed by God's good hand,
Let us all her people join as one,
Brothers under the sun.
All one, strong and free.

One land and one nation is our cry,
Dignity and peace' neath Zambia's sky,
Like a noble eagle in its flight,
Zambia, praise to thee.
All one, strong and free.

Chorus

Praise be to God.
Praise be, praise be, praise be
Bless our Great nation,
Zambia, Zambia, Zambia

Free men we stand, under the flag of our land.
Zambia, praise to thee! All one, strong and free.

13. Ceremonial Regalia

MESSAGE FROM THE CHANCELLOR

Prof. Mwindace N. Siamwiza
A.B (cum laude) (USA), M.S. (MIT),
Ph.D. (MIT)

Dear Graduates,

As Chancellor of Lusaka Apex Medical University, I am honored to congratulate each one of you on your graduation today. This ceremony is not just a celebration of your individual accomplishments; but a testament to the collective dedication, resilience, and intellectual growth fostered within our academic community.

Your journey through higher education has been marked by rigorous academic challenges and invaluable experiences that have prepared you for the complexities of the world beyond these walls. The skills and knowledge you have acquired will serve as powerful tools as you navigate your future endeavors.

At Lusaka Apex Medical University, we are committed to not only educating students but also cultivating leaders who will contribute positively to society. As you embark on this next chapter, I encourage you to embrace the responsibilities that accompany your degrees. You are now equipped to drive innovation, advocate for change, and uplift your communities.

We recognize that your success is also a reflection of the support you have received from your families, mentors, and peers. Their encouragement has been vital in your journey, and we acknowledge their role in shaping your achievements.

As you join the esteemed LAMU Alumni community, remember that your connection to this institution continues. We look forward to your contributions to our shared mission of excellence, service, and leadership. Together, we can address the challenges facing our nation and the world, making a meaningful impact wherever your paths may lead.

Once again, congratulations on this significant milestone. Your future is bright, and we are excited to see the positive changes you will bring to the world.

Warm regards.

MESSAGE FROM THE VICE CHANCELLOR

Prof. Evarist Kizito Njelesani,
BSc.(HB), MBChB (UNZA),
MRCP (UK), FRCP (Edin),
FRCP (London), FCP (ECSA)

Dear Graduates,

Congratulations on reaching this extraordinary milestone! Today, we celebrate not just an end, but the beginning of a new chapter in your lives, a journey marked by hard work, commitment, and personal growth.

As you prepare to graduate, take a moment to honor your journey. Reflect on your accomplishments - both academic and personal - and recognize the invaluable support from family, friends, staff, and mentors who have walked alongside you.

Today, you earn two significant titles: a graduate and an alumni. You are graduates of this university, joining the LAMU Alumni community, and you are now entrusted with the responsibility to contribute positively to your country, continent, and beyond.

Graduation is not merely a conclusion; it is a launchpad for your future endeavors. Embrace the opportunities ahead with confidence, knowing that you are equipped to create meaningful change in your profession and society. Acknowledge the sacrifices of those who have supported you - parents, guardians, and donors - who believed in your potential.

Keep in mind that with your achievements comes the responsibility to be a force for good. Your degree is not just a personal accomplishment; it is a reminder of your role as change-makers in the world. As you step forward, continue to inspire others and make a positive difference.

Once again, heartfelt congratulations on your graduation!

HISTORY OF THE UNIVERSITY

In 2008, eight Zambians set in motion the realisation of the first private, Zambian owned Medical University in the country.

Professor Tackson Lambart,
Dr Cecilia Shinondo,
Professor Lupando Munkonge, and

(bottom right corner)
Professor John Mudenda

Lusaka Apex Medical University

LOGO

The University logo is a symbol of medical and professional excellence, that our graduands proudly wear as an emblem. The emblem features a drum for the body with a shield, syringe & scalpel, an open book and a torch with flames, with a ribbon at the bottom reading “Knowledge and Excellence”.

Each of these symbols has a deeper meaning that ties into the heart of what Lusaka Apex Medical University is about.

The drum is the traditional mechanism for passing on information and knowledge which represents education and communication in the traditional sense.

The syringe & scalpel are the fundamental tools of modern medicine and surgery to administer the appropriate treatment and for the access of the internal organs. The torch with flames is a symbol of light against ignorance and peril, and also signifies the sterilizing power of heat.

The open book is the universal symbol of the depository of knowledge and information, and is the international medium of the delivery of education. The inside of the book consists of leaves and they are the pages of the book but also represent actual leaves from plants which are the symbols of traditional medicine and the root source of most modern medicines that treat us when inflicted with diseases and infections.

The shield is a symbol of traditional protection and therefore represents a barrier from diseases, ignorance and physical harm.

The ribbon reading “Knowledge & Excellence”

symbolises that knowledge is what every human being strives for, to achieve excellence in everything they do. The University logo therefore, highlights it’s vision and institutional aspirations.

LUSAKA APEX MEDICAL UNIVERSITY

SUMMARY OF THE PROGRAMME FOR THE 13TH GRADUATION CEREMONY 2024

06:30 hours: Graduand's assemble at the main campus

07:00 hours: Arrival of invited guests

07:30 hours: Start of graduand's procession

07:45 hours: Start of academic procession

08:00 hours: Arrival of the Chancellor

FACULTY OF HEALTH SCIENCES

Dr. Lydia Hangulu

BSc.(Env.Health) (RU), MSc,
PhD & Post-Doc Health Promotion (UKZN)

Shall present to the Chancellor the
following candidates for the award of:

Bachelor of Science in Environmental Health
Bachelor of Science in Physiotherapy, and
Bachelor of Science in Public Health

MESSAGE FROM THE DEAN - FACULTY OF HEALTH SCIENCES

Graduands,

Congratulations on this remarkable achievement in your journey through Environmental Health, Public Health and Physiotherapy! As you step into your future, embrace optimism and seize the opportunities to tackle pressing health challenges. Let honesty, effectiveness, efficiency and compassion guide your actions and stand in solidarity with individuals with disabilities and marginalised groups. Your commitment to lifelong learning and collaboration will empower you to make a real difference. Remember the values instilled in you at LAMU as you forge your path and inspire change in your communities.

Go forth with confidence and purpose, your impact starts now!

Warm regards.

MESSAGE FROM THE DEAN - FACULTY OF NURSING AND MIDWIFERY SCIENCES

Honorable guests, esteemed faculty members, graduates and distinguished parents.

It is with great pride and humility that I celebrate with you the remarkable achievements of becoming nurses. This marks a significant milestone in your journey.

To you graduates, allow me to sincerely congratulate you for your tireless effort, sacrifice and countless hours of study. This has culminated into this well-deserved achievement.

I wish to remind you that this journey does not end here. Nursing is a lifelong journey of learning, growth and self-discovery. Therefore, embrace every opportunity to improve your knowledge, refine our skills and deepen your understanding of the human experience.

As you leave the great Lusaka apex medical university into the wider world, remember the values of integrity, professionalism, and ethical conduct that have been instilled in you during your training here at LAMU.

As a faculty, we wish to assure you that you are not alone on this journey but you are part of a global community of nurses whose purpose is to promote health, alleviate suffering and advance the wellbeing of all.

To the parents, families and loved ones who have supported our graduates this far, I extend my deepest appreciation for your unwavering and unconditional love. This has been instrumental in shaping the remarkable individuals we honor and celebrate today.

To the faculty members of staff, thank you for your tireless dedication and mentorship and commitment to excellence. Your passion for teaching and your unwavering belief in the potential of students have played a pivotal role in their success.

Once again CONGRATULATIONS our esteemed graduates on this extra ordinary achievement. May the Lord continue lighting your path, with deepest admiration and warmest wishes.

FACULTY OF PHARMACY, NUTRITION & DIETETICS

Dr. Mutenta Nyambe

B.Pharm (UNZA), MSc Pharm Chem (RU),
PhD (NMU)

Shall present to the Chancellor the
following candidates for the award of:

Bachelor of Science in Pharmacy

MESSAGE FROM THE DEAN - PHARMACY, NUTRITION & DIETETICS

Dear Graduating Class of Pharmacy, 2024.

I sincerely congratulate you all, individually and severally, on reaching this significant milestone! Today, you transition from students to professionals in a field that plays a critical role in healthcare provision. Your journey has prepared you to make a profound difference in the lives of patients, and I urge you to carry forward key principles that will successfully guide your path.

First and foremost, always prioritize patient care. Behind every prescription is a person whose well-being depends on your expertise and empathy. Secondly, commit to lifelong learning. The pharmacy field is ever-evolving, and staying current ensures the best outcomes for those you serve. Thirdly, uphold the highest ethical standards, as trust and integrity are cornerstones of the profession you have embarked on.

Additionally, I urge you to graciously embrace teamwork and collaboration. You are part of a healthcare system where working closely with other professionals ensures comprehensive care. Last but not least, remember to care for your own well-being. A balanced approach will sustain your passion and effectiveness in this demanding profession.

As you embark on this next chapter, know that we, as Lusaka Apex Medical University are proud of your achievements and confident in the positive impact you will make in the world of healthcare. Congratulations and warm regards.

Doctor Mutenta Nyambe
Dean.

Faculty of Pharmacy Nutrition and Dietetics.

FACULTY OF MEDICAL RADIATION SCIENCES

Dr. Isaiah Yikoña

BSc (HB), MBChB (UNZA),
DMRD (RCP Lond, RCS Eng)
Shall present to the Chancellor the
following candidates for the award of:

Bachelor of Science in
Diagnostic Radiography

MESSAGE FROM THE DEAN - FACULTY OF MEDICAL RADIATION SCIENCES

Congratulations to all graduands, particularly from this faculty.

It has not been easy or plain sailing with individual or class difficulties affecting the progress of the programme and its completion. Some of you even contemplated giving up but here you are, you successfully completed the programme for the award of this degree.

Whatever grade you scored is one thing, but the ultimate assessment is your performance and contribution in the health sector. In this self-chosen profession, you have the unique position to interact with all other health providers: from physical to mental ailments, to rehabilitate assessment outcomes.

As you apply the technologies of x-rays, computed tomography (CT), magnetic resonance imaging (MRI), radionuclide imaging (RNI) and ultrasound to image body organs and organ systems. Remember to ensure the physical and medical safety of the patients and people around you as well as the environment.

As you enter the real practical world, initiate or join others in research to shed light or resolves curiosities you will encounter in the practice of your profession.

Always uphold exemplary good professional and personal conduct as society will be watching you. Uphold the LAMU motto of knowledge and excellence.

Once again, congratulations.

FACULTY OF MEDICINE

Dr. Lweendo Nchimba

BSc (HB), MBChB, MMED (UNZA),

HDip.PallC (Oxfordbrookes UK),

M.Med (Paed and CH) (UNZA)

Shall present to the Chancellor the
following candidates for the award of:

Bachelor of Science in Human Biology
Bachelor of Medicine and Bachelor of Surgery

MESSAGE FROM THE DEAN - FACULTY OF MEDICINE

Dear Graduating Medical Doctors,

As you stand, ready to take up your new roles as junior doctors, it's imperative to remember that medicine is not just a science; it's also an art. Medicine is a unique field that embodies the precision of science and the empathy of art. This blend of science and art is what makes medicine a deeply human endeavor, as it strives to alleviate suffering and improve the quality of life.

The art of medicine, on one hand, will be evident in the way you will communicate with your patients, how you will understand their fears and hopes, and in how well you will help solve and resolve problems when faced with complex cases. The science of medicine, on the other hand, will be apparent in the systematic approach to understanding and treating diseases, well grounded in rigorous scientific research and evidence-based practices.

Together, art and science form a holistic approach to healthcare, one that honors the complexity of the human body on one hand and also empathises with the human condition on the other hand. As you embark on this noble journey, let your balance of the holistic approach be your guide. Let it inform your decisions, enrich your interactions, and define your practice. May your careers be long, your resolve steadfast, and your compassion boundless. Congratulations on your graduation, and may you carry the torch of compassionate care to all corners of the world.

As for you, our BSc Human Biology graduants, well done for the work done thus far. Today, you stand to begin a new chapter. A new chapter of transition from the study of the human body in class and the laboratory to studying the same body in the clinical arena. Remember that you are stepping into a role of great responsibility and honor. Embrace this journey with the knowledge that each patient offers a unique perspective to a known disease, and an opportunity not only for you to add to your knowledge but also to make a difference in their situation.

Congratulations to you all and best wishes on your remarkable transition.

HEADS OF DEPARTMENTS

Dr. Theresa Chikopela Sikazwe

NURSES PLEDGE

In full knowledge of the obligations I am undertaking,
I promise to take care of the sick with all
the skill and understanding I possess,
without regard to race, creed, colour,
politics, or social status, sparing no
effort to conserve life,
to alleviate suffering and to promote health.

I will respect at all times the dignity
and religious beliefs of the patients
under my care, holding in confidence
all personal information entrusted
to me, refraining from any action
which might endanger life or health.
I will endeavor to keep my professional
knowledge and skills at the highest
level and to give loyal support and
co-operation to all members of the
health team.

I will do my utmost to honour the
international code of ethics applied
to nursing and to uphold the integrity
of the nurse.

PLEDGE

As an Environmental Health Practitioner, my purpose is to protect, maintain and promote the health, safety and wellbeing of individuals and communities irrespective of their colour, creed or status and coordinate and participate with related disciplines to create values that no single individual could achieve alone.

Therefore I promise:

I will act with the utmost integrity and pursue my work in an honest, reliable and ethical manner.

I will maintain and promote high professional standards, knowledge and competencies of an Environmental Health Practitioner.

I will maintain standards and advice on the health and safety of the built environment within the community and the services that are required to prevent the deterioration of the environment.

I will adhere and uphold both in letter and in spirit, the laws and policies related to public health.

I will not improperly divulge any confidential information and safeguard the interests of members of the community relating to personal contacts and within their personal affairs and business enterprises, unless by law required to do so.

I will promote improvements in environmental policies.

I will develop both myself and my colleagues to promote professional development so that the profession continues to grow and contribute to the wellbeing of society.

I will strive to relate by objectives universally to promote environmental development throughout the world.

I will take responsibility and be accountable to my peers and will be accountable for the upholding of this Oath.

This Oath I make freely and upon my honour.

So help me God.

HIPPOCRATIC OATH

As a member of the medical profession:

I solemnly pledge to dedicate my life to the service of humanity;

The health and well-being of my patient will be my first consideration;

I will respect the autonomy and dignity of my patient;

I will maintain the utmost respect for human life;

I will not permit considerations of age, disease or disability, creed, ethnic origin, gender, nationality, political affiliation, race, sexual orientation, social standing, or any other factor to intervene between my duty and my patient;

I will respect the secrets that are confided in me, even after the patient has died;

I will practise my profession with conscience and dignity and in accordance with good medical practice;

I will foster the honor and noble traditions of the medical profession;

I will give to my teachers, colleagues, and students the respect and gratitude that is their due;

I will share my medical knowledge for the benefit of the patient and the advancement of healthcare;

I will attend to my own health, well-being, and abilities in order to provide care of the highest standard;

I will not use my medical knowledge to violate human rights and civil liberties, even under threat;

I make these promises solemnly, freely, and upon my honor.

This is the newly revised version of the Declaration of Geneva adopted by the World Medical Association General Assembly on October 14, 2017, in Chicago.

PLEDGE

I stand here today in the presence of such a crowd
of witnesses to declare to you that
I the graduate of Lusaka Apex Medical University,
having been well taught and evidently well
prepared to carry out the task of caring for the sick,
will do my best to represent the core value
of my University by displaying integrity and
honesty, accountability, professionalism and
transparency in the execution of our duties.
As products of LAMU, I will pursue hard work in
outmost honest and cultivate high working
standards that benefits the people of mother
Zambia. In doing this I care for the sick, love and
manage them without discrimination;
I will endeavor to help society and its
communities by teaching them to maintain
best hygiene standards.

INFORMATION FOR GRADUANDS AND GUESTS

Welcome to the Lusaka Apex Medical University's 13th graduation ceremony. Your well-being and enjoyment of the event are our top priority. Please take a moment to read through this important information before the ceremony commences. We have prepared the following information to ensure that all guests have a comfortable, safe, and enjoyable experience during the Graduation Ceremony:

- All guests should be seated prior to the ceremony starting time.
- Ushers will direct you to your seating area and offer assistance should need be.
- Graduands are asked to remain in their seats for the entire ceremony. When the Vice Chancellor's procession enters the venue, graduands and guests are asked to stand and remain standing until the singing of the National Anthem.
- Our graduation custom is that each graduand is applauded as their name is announced. We encourage all guests and graduands to join us in following this tradition.
- Please note that the ceremony will be photographed and videotaped.
- Please ensure all mobile phones are on silent or turned off during the ceremony.
- In the event an emergency evacuation is announced, please follow instructions and exit the venue promptly under the directions provided.
